

On **16 October** it will be **World Food Day**. On that day we want to raise awareness of all those people for whom food is not obvious. To help them we will be organising the **National Soup Day** in restaurants, companies, care homes for the elderly and hospitals.

On National Soup Day you can get a free bowl of soup from any location taking part and we ask you to donate the price of the soup – or more – via a once-only direct debit authorisation. All the proceeds will go to the United Nations World Food Programme. For each € 0.20 you donate, a child will receive a school meal.

So, why don't you take part and give a child a school meal!
